COP 4935 – Fall 2026
Group A04 – Interactive Sheriff Activity Map of Lee County
Meeting Agenda

Date: October 14, 2026
Time: 1:30 pm

1. Proposed Next Meeting to Prep for Demo: Monday 1:30 p.m. (virtual)
2. Upcoming Due Dates (see Table 1 for complete list of assignments):
   i. Wednesday 10/21/2026 – Demo with the Professor
      - Can we meet on campus early to set up?
   ii. Final presentation: 11/19/2026 9:45 a.m.
3. Sprint 7 was started last Friday.
4. Committee member requests:
   i. Dr. Steinberg: Phillip spoke with him. He said he should be able to participate on Thursday mornings. Sent him an email asking him to confirm if his schedule was open. Currently waiting on a response.
   ii. Dr. Ali: Phillip spoke with him. He agreed to join and also confirmed via email.
   iii. Dr. Pittman: Andrew plans to reach out to him today.
5. Discuss status of demo and what tasks to focus on for this week.
   i. Open website and walk through the features.
   ii. What items can we realistically include in Wednesday's demo while not working up to the night before (propose a lockdown on Monday)?
   iii. Outstanding features:
      - Getis-Ord Gi* - static map and animation
      - BandwidthOptimizer – static map and animation (propose not including in demo due to runtime concerns)
      - Filtering Incident Types – DBSCAN/KDE/Gi* in static map and animation
        - Discuss how incident types will be grouped, if at all. Refer to _NATURE_COLORS (there are some types that are not in the database).
      - Discuss how to test changes before they go live (staging environment). For example, when Gi* is added to the animation page.
6. Prepare list of questions for the Professor:
   i. When is the Final Design Document due?
   ii. Does he need confirmation of SD Showcase registration?

   iii. Do the committee members need to submit any forms?
   iv. During the final presentation, how much time is the committee expected to have for questions? If the CDR and Demo are 20 minutes each, that leaves only 5 minutes for questions.
7. Review the MVPs you prepared during SD1.
8. Phillip to review SD2 Design Document requirements.
